

Todd Kenner (CE 83)

Mr. Todd Kenner has over 30 years of experience in the engineering and consulting industry, serving two organizations over the past 11 years as President and Chief Executive Officer. He specializes in strategy development and implementation in the areas of market diversification, growth and leadership development. His entire professional career has been spent exclusively in the private sector, where his focus has been in the built and natural environments.

Kenner received a bachelor's degree in civil engineering and an Honorary Doctorate in public service from the South Dakota School of Mines & Technology. He is committed to giving back through his service on various community, industry and non-profit boards.

An avid runner, skier and biker, Todd lives in Rapid City, SD, enjoying the beauty of the Black Hills with his wife, Sally and two daughters, Mackenzie and Kaelyn.
